UNDER 37 CFR 1.313(c)(2)

Dear Sir:

Applicant hereby petitions under 37 CFR 1.313(c)(2) to withdraw from issuance, after payment of the issue fee, the above-referenced patent application.

Applicant also submits herewith a Request for Continued Examination (RCE) and a Supplemental Application Data Sheet which corrects the typographical error in the priority claim that was included in the original document.

PETITION TO ADD UNINTENTIONALLY DELAYED PRIORITY CLAIM OF  
APPLICATION UNDER 37 CFR 1.78(a)(3)

Dear Sir:

Applicant hereby petitions the Commissioner to correct the serial number of the priority for the above-referenced patent application.

Applicant recently discovered a typographical error in the paperwork submitted with the filing of the above-referenced patent application as it relates to the serial number of the priority application. The Transmittal Letter and Application Data Sheet for the present application had the same typographical error. The serial number for the priority claim was presented as 09/805,533 when it should have been 09/805,553. A comparison of the specification and drawings of the present application with those of application Serial No. 09/805,553 makes it very clear that it was Applicant's intention to claim priority to application Serial No. 09/805,553.

Thus, the entire delay between the date the claim was due under 37 CFR 1.78 (a)(2)(ii) and the date the claim was filed was unintentional.

Please note that a separate Petition for Withdrawal From Issue Under 37 CFR 1.313(c)(2) is enclosed herein. Also enclosed are a Request for Continued

Examination (RCE) and a Supplemental Application Data Sheet which corrects the typographical error in the priority claim that was included in the original document.

The Commissioner is hereby authorized to charge the fee of \$1,370.00 under §1.17(t) and any additional fees, or credit any overpayment that may be required to Deposit Account No. 24-0040.
